## **British Council's e-Tendering Portal**

## Introduction

This **Step-By-Step Guide** is provided to assist you in using the (In-tend) e-tendering system. Once you have registered, you will be able to maintain your company information, return tender submissions and maintain company/contract documentation in a secure area via the internet.

If you encounter any difficulties whilst using the system you can contact our Support team by phoning 0844 2728810 or emailing [support@in-tend.co.uk](mailto:support@in-tend.co.uk)

## Registering on the e-Tendering system

Visit <https://in-tendhost.co.uk/britishcouncil> to access the (In-tend) supplier portal.

From the homepage click on **Register**

The screenshot shows the British Council e-tendering system homepage. At the top left is the British Council logo. A navigation bar contains links for Home, Buyers Profiles, Tenders, Contracts, Register, and Help. On the left side, there are input fields for 'e-Mail Address' and 'Password', followed by buttons for 'Login', 'Forgotten Details', 'Register', and 'in-community'. A central banner reads 'Welcome to the British Council electronic tendering process'. Below this, a section titled 'From this web site you can' lists several capabilities: viewing tenders/contracts/quotations, viewing awarded contracts, expressing interest, receiving documentation, returning documents, and sending correspondence. A 'How do I get started?' section provides instructions on using the 'Tenders' option, registering, and logging in. A 'NOTE' at the bottom left states that three failed login attempts will lock the account. The footer includes user ID (N/A), user (Guest), company (N/A), copyright information, version (03.10.28.10), date (30/01/2019), server (SUPWEB2), and a COMODO SECURE logo.

### Registration process

As part of the simple registration form you will be asked to complete your **Company Details**, **Company Contact Details** and **Primary User Details**. Email alerts and actions will be sent to the email addresses you provide, so if possible it is useful to enter a general company email address in the **Primary User Details** section such as info@\*\*\*\*\*.co.uk.

For cases where this person or inbox may be unavailable, we strongly recommended you add an **Additional User** (located at the bottom of the screen) so they can gain access to the site and also receive a copy of the emails. All Yellow fields are mandatory

The image shows three screenshots of a registration form. The first screenshot is the 'Company Details' section, which includes fields for Company Reg No., Company Name, Address Line 1-4, Post Code, and Country. A red arrow points to the 'Company Details' header. The second screenshot is the 'Contact Details' section, which includes fields for Telephone, Fax, Web Site, and Construction Line No. A red arrow points to the 'Contact Details' header. The third screenshot is the 'Primary User Details' section, which includes fields for Contact First Name, Contact Last Name, Telephone, e-Mail, Confirm e-Mail, Password, and Confirm Password. A red arrow points to the 'Primary User Details' header. All mandatory fields are highlighted in yellow.

Whilst registering you may only add **one** additional point of contact, however after the registration is complete you may login to your account and add as many additional contacts as you like.

It is recommended for situations where the primary contact is not available, additional points of contact are registered as they would still be able to gain access. While registering you may only add one additional point of contact, however after the registration is complete you may login to your account and add as many additional contacts as you like.

You should not register your company more than once, unless they are under a separate company registration number. If your company has several locations, register the company against the head office and add contact details for individuals at the different locations. You can add one additional user at the time of registration. Once registered, you can add several contacts in the **Company Details** section.

Once registration is complete, the system will then thank you for registering and inform you that your details are being processed. You will then shortly receive an email with confirmation of your email and password.

### Managing your Company Details

If you need to update your company information you can do this from the **Company Details** section on the top menu bar. From here you can edit/add information regarding the company, contact details, company documents and business classifications.

**Please note that it is important that you do keep your details up to date, particularly your contact email addresses as you may miss out on tender opportunities which may be of interest.**

## Tender Opportunities

To access tender opportunities hover over the **Tenders** section at the top menu bar and then click on **Current**, this will provide you with a full list of current tender opportunities. For a tender that you are interested in you should click **View Details**

From the Tender Management screen you are able to **Express Interest** in the tender.

You will then be asked to either log into an existing account or register a new one.

Once you have expressed your interest you will instantly see an update as to your status in the tender process and it will tell you that your expression of interest is being processed.

Once your expression of interest is received and accepted by the organisation (this may not happen straight away) you should receive an email saying that you have received tender documents and you should login to the secure area of the website to access them. If documents are immediately available, you will be taken straight to the latest tender stage screen.

If you are not currently logged in, from the homepage you should enter your email address and password then click **Login**.
